**LS Retail**

**SCICOM**, partner of Landsteinar Strengur, has implemented the installation of the international solution, **LS Retail**, for **PUMA BULGARIA** company.

**PUMA BULGARIA** is a subsidiary company of **PUMA HELLAS** which belongs in the interests of **PUMA AG.** and **GLOU Group of Companies.**

**Mr. Spyros Philippou, Chief Information & Technology Officer, GLOU Group of Companies, PUMA Hellas & Bulgaria , stated:**

“The specifications for PUMA retail stores operation in Bulgaria required a system that will be flexible, easy to use, fast to implement and with multiple functionality.

The international all-in-one LS Retail solution, based on Microsoft Dynamics NAV – which already operates in PUMA Bulgaria- provides us fast customer service, direct access & full exploitation of the information which is received daily from the sales transactions that are registered in the POS, on-line communication with the headquarters in Greece and control of the company in Bulgaria from Greece.

Thus, direct and valid information is provided to the Management & to the shareholders while we have a clear view for the store’s performance.”
